

IAN

I JUST WANTED TO THANK YOU FOR YOUR HELP DESIGNING & ADJUSTING PLANS FOR THE ROOF IN GUESNEL THAT YOU NEVER EVEN SEEN. ALSO HATS OFF TO YOUR COMPANY & ITS QUALITY CONTROL OF A PRODUCT THAT YOU CAN BE PROUD OF (US TOO).

MARLENE TOOK SOME BEFORE & AFTERS WE THOUGHT YOU MAY LIKE TO SEE. THE NEIGHBORS & I HAD SOME MOMENTS BUT A VERY SUCCESSFUL PROJECT IN ALL. I PUT A PIECE OF 3X3 ANGLE ALUMINUM FACIA BETWEEN THE SHINGLES & PLYWOOD & HUNG IT DOWN TO COVER THE SPACE AT THE END OF THE TRUSSES BUT LEFT ABOUT $\frac{3}{4}$ " SPACE FOR AIR TO GET UP INTO ROOF CAVITY. FOR AN ACCESS DOOR INTO THE ROOF CAVITY I PUT A SET OF ^{LOWE} CAFE' DOORS (TAVERN) IN THE GABLE IN THE BACK YARD PHOTO ABOVE THE HOUSE DOOR BEHIND THE BIRCH BRANCH
