Dear Greg,

I am writing this letter to thank you and your staff on a wonderful job, you've done assisting us with the recent purchase of our house package from Winton Global. My wife and I purchased a modified Rush Creek II package from you last year and we are extremely happy with our decision to go with your company.

Mr. Vic Melnyk, has gone out of his way through exceptional customer service to assist us along the way with advice and making sure we were completely happy with the package. The house package itself, was manufactured with very high quality materials and the workmanship is second to none. Our contractor has commented that "this is the best house package he's ever seen".

Enclosed, please find a CD of the pictures we have taken, while we were in the construction phase of the outside of our house. Please feel free to use them for any of your needs, as you see fit. (We would certainly recommend your high quality house packages to anyone, given the outstanding customer service and satisfaction that we've received.)

All the best and we look forward to working with Winton Global Homes on our next house project.

Sincerely
